CAREER OBJECTIVE

Motivated BS Computer Science (Software Engineering) student with a strong foundation in programming, web development, and problem-solving, and four years of hands-on tutoring and team-leadership experience. Seeking an internship or entry-level software development role to apply technical skills, gain industry experience, and contribute to real-world projects.

EDUCATION

BS Computer Science (Software Engineering) — Abdul Wali Khan University, Mardan 2023 – 2027
CGPA: 3.43 / 4.00

Intermediate (FSc, Pre-Engineering) — Punjab College, Nowshera Kalan 2023
Marks: 814 / 1100 — Grade A

Matriculation (Science) — Al-Haq Public School, Nowshera Kalan 2021
Marks: 902 / 1100 — Grade A+

EXPERIENCE

Director & Lead Educator — Mian Tuition Academy, Nowshera Kalan, KPK Present

- Founded and direct a tuition academy, managing curriculum, day-to-day operations, and a small team of educators alongside full-time studies.
- Four years of private tutoring experience across multiple subjects and student levels.
- Built and maintain the academy's website and its admission form (see Projects).

TECHNICAL SKILLS

Programming Languages: C++, JavaScript, Python

Web Technologies: HTML, CSS, JavaScript, TailwindCSS, React, Django

Databases: MySQL, PostgreSQL, SQL Server

Tools & Platforms: VS Code, Dev-C++, MS Office, Canva, Git/GitHub

Design: Social media posts, posters, banners, and logos using Canva

PROJECTS

Meezan Book Store — Book & Stationery Shop Management App
HTML, CSS, JavaScript, Web Storage API

- Built a self-contained, vanilla-JavaScript shop management app with no external frameworks or backend.
- Implemented inventory and stock register, item entry, and cart-based billing with per-item quantity x unit-price calculation.
- Added checkout with automatic stock deduction, profit calculation, daily sales reports, and printable receipts.
- Included JSON-based backup export and import for data portability.

Mian Tuition Academy — Portfolio & Admissions Website
HTML, CSS, React

- Developed and maintain a fully responsive, multi-page website for an online tuition academy, live at maintuitionclasses.netlify.app.
- Built a form-to-email admission form so student inquiries are sent directly to the academy's Gmail on submission.
- Designed animated sections and supporting creative assets, including SVG banners, flyers, and an animated ad widget.

CERTIFICATIONS

- Designing Course — Entrepreneur Society (2026)
- Front End Development — Meta
- WordPress Website Development — Meta

CORE COMPETENCIES

Communication • Teamwork • Problem Solving • Time Management
